EXPERIENCE

Platinum Wireless, Boulder, CO

December 2015-Present

Chief Operating Officer

- Purchase large orders of various cell phones, taking inventory for each delivery.
- Refurbish a wide variety of cellphones/tablets, including screen repair and replacement.
- Design listings, update inventory quantities, and communicate affectively during customer returns.
- Management of shipping and customer service departments.

Prime Steakhouse, Colorado Springs, CO

May 2016-August 2018

Host/Busser/Food Runner

- Greeted guests, informed them of estimated waiting times, and escorted them to their tables.
- Delivered orders to specified tables, accommodating for special requests.
- Occasionally waited for tables when wait staff was short, included memorizing the menu and daily specials.

Student Painters, Colorado Springs, CO

May 2016-August 2016

Advertising Assistant/Painter

- Traveled door-to-door delivering fliers/talking with potential clients.
- Assisted in power washing and painting of houses, along with discussing specific needs with clients.
- Negotiated agreements with customers, deciding on prices and deadlines.

Student Tutor, Colorado Springs, CO

August 2015-May 2017

Volunteer Student Tutor

- Volunteered five hours per week in the tutoring center at Coronado High School
- Assisted in all math classes offered at Coronado, along with tutoring in Economics, Physics, and Chemistry

TECHNICAL PROJECTS

Website Design for Platinum Wireless Solutions LLC

- Partnered with the CEO and created an alternative marketplace to display our products and ideas.
- Designed with HTML, CSS and JavaScript.

C++ Hospital Patient Queue

- Designed a program to determine the priority of patients coming into the Emergency Room.
- Calculated urgency using classes with elements such as treatment times, injuries of incoming patients, etc.

Development of News/Media Social Networking Service

- Created a social networking tool that displays world events/stories, prioritizing them based on user interaction.
- Project leveraged JavaScript, Python, SQL, HTML5, and CSS3.

HONORS AND AWARDS

- Varsity Soccer Letter (2013-2017), Varsity Soccer Captain (2017)
- Boettcher Semi-finalist (2017), Rotary Champion Nominee (2017)
